Welcome to the site, i'm not familiar with the product you mentioned

Make sure you use a contract as the buyer, or seller - if you don't you can have your account closed for not using one, and so can the other user. don't do deals offsite either, and use a middleman if you can for the safest way to avoid being scammed.

Welcome to HF!

Your thread title instantly made me recall the TV series "My name is Earl". Remember Earl, Randy, Joy, and the beautiful Catalina. ?
