? DISCORD BOT DEVELOPMENT SERVICES Custom Automation • API Integration • Dashboards

• Command Systems

Hey HF ?

Looking for a custom-built Discord bot that actually fits your needs, not a pre-made template? You've come to the right place. I design and develop powerful, secure, and scalable Discord bots built from the ground up for your community, business, or project.

Every line of code is crafted to perform — not just exist.

? WHAT I OFFER

- ? Custom Command Systems — Moderation, utility, fun, leveling, ticket, logs, and more
- ? API-Integrated Bots — Connect your bot directly with your existing website or database
- ? Discord Dashboards — Web-based control panels for bot configuration & analytics
- ? Advanced Permissions — Role-based and user-level command access
- ? Automation Systems — Reaction roles, welcome systems, auto-moderation, etc.
- ? Full Branding Integration — Consistent style and tone to match your server or business
- ? Database Connectivity — MySQL, MongoDB, or Firebase storage support
- ? Performance & Uptime — Optimized, lightweight, and always online
- ? Complete Documentation — Cleanly written code with usage guide

? TECHNOLOGIES USED

Languages & Frameworks: Node.js, Python, JavaScript, TypeScript

Libraries: Discord.js, Nextcord, Express.js, FastAPI

Databases: MySQL • MongoDB • PostgreSQL

APIs: REST, WebSocket, and custom-built integration endpoints

From concept -> code -> deployment — I handle it all.

? WEB DASHBOARD INTEGRATION

Want your Discord bot to interact with your website?

I can build a live dashboard that syncs with your bot in real-time.

Features include:

- Web-based command triggers
- Real-time statistics & guild analytics
- Secure login via Discord OAuth2
- Full control over settings, embeds, and configurations
- Connected to your existing website or admin panel

Perfect for project dashboards, marketplaces, or automation panels!

? EXAMPLES OF CUSTOM PROJECTS

- NFT / Crypto tracking bots (API integrated)
- Advanced ticket and support systems
- Community level and XP systems
- Multi-server announcement bots
- Automation systems for HF sellers & support teams
- Dashboard-controlled utility bots
- Marketplace and escrow systems (with web UI)

? WHY CHOOSE ME?

- ? 100% Custom — No reused code or templates
- ? Transparent Pricing — You pay only for what you need
- ? Fast Turnaround — Most bots delivered within days
- ? Secure Authentication — Industry-standard protection
- ? Future Support — Maintenance & feature updates available

? PRICING

Every bot is unique — pricing depends on your requested features and integrations.
Here's a general guide:

Basic Utility Bot — \$25–\$50

Moderation / Ticket System — \$50–\$100

Advanced API / Dashboard Bot — \$100–\$250+

Full System (Bot + Web Dashboard + API) — Starting at \$300

All prices are negotiable based on complexity and delivery time.

? ORDER PROCESS

- 1 Send me a PM or DM with your idea.
- 2 We discuss functionality, features, and timeframe.
- 3 I'll provide a quote + estimated delivery.
- 4 Once confirmed, development begins.
- 5 You receive updates and a working prototype.
- 6 Final delivery & setup assistance included.

Simple. Fast. Transparent.

? ADD-ONS AVAILABLE

- Discord -> Website API sync
- Logging & analytics panel
- Multi-server scalability
- Command cooldown & anti-spam
- Role-based management dashboards
- Premium "Support as a Service" add-on

? READY TO GET YOUR BOT BUILT? DM or PM me with your idea today!

Payment Methods: BTC • ETH • USDT • PayPal (F&F ONLY)

Delivery Time: 2–10 days depending on project scope

Heya buddy,

I already sendd u an dm, but here is an reaction if someone else has the same question..

An discord bot is not that easy to show here like showing an website haha, if someone wants to see examples, just send me an dm :D

CL1B - November 11, 2025, 2:52 am

Heya!

HerrWinston - November 11, 2025, 6:31 am

Once again an awesome service! I love the layout of the thread, provided features of bots looks awesome aswell, pricing is perfect for said things and as always you provide very good knowledge, already proving your deep knowledge of coding and development, I wish you best of luck on the sales! Hopefully everyone who is in need of this will find what he seeks with you.

Mooooookie - November 12, 2025, 10:25 am

Good luck with sales, looks like a solid service. Wishing you much success with things.

Hackers - November 28, 2025, 7:36 am

I think any buyer will be happy, you've created very cool tools and the feature lists for this service sound great.
