Thread: [Amazon SES 50000 Limit Accounts - Created - Full Access](#)

SESGuys - November 19, 2025, 9:58 am

I'm an SES account creator / seller. I work alone, I'm not a reseller. I'm looking for long term customers. I sell accounts for \$500 each, I only create N Virginia and Ireland unless requested otherwise. I'm happy to use a middleman if requested. I provide mail access to the account and you are free to change the password and add 2FA.

Virginia, Ireland and Oregon accounts available today, bulk deals available. I can find a price to work for most buyers and work with resellers. Current price reduced to \$300 temporarily.
