Thread: [\\$2K-10k+/Daily Grey/Black Social Casino Method](#)

relax_preppie - November 23, 2025, 3:21 pm

I will show you where to get a virtual item that retains 100% of its value at 40-55% off on a consistent basis.

My method helps you use a specific Social Casino. I been using for the past 6 months. This method works consistently and better if you reside in the USA and are 21+ with a DL + SSN. This will work worldwide but you will need a PayPal or Bank that matches the accounts name.

You can do this anywhere in the world, you just need clean residential/mobile USA proxies.

Withdrawal is within 24 hours.

The initial investment is very large, this is not for small change. Every \$450 will gross you \$1000, the Social Casino takes a 5-10% fee.

The price is \$8000 and will increase \$1000 with every copy.
3 Copies has sold and 1 Vouch Copy has been given out.

You will learn where to get the liquid virtual items for 40-55%, where to get multiple cash out accounts and how to perform the method to get a cash out.

MIDDLEMAN IS ACCEPTED. Don't release the payment until you get your first withdraw. You will also have the chance to ask for a refund how payment is in escrow and method is explained.

Payment Option 1: Full Price

Payment Option 2: 55% of Full Price + \$1000, 45% payment comes from overcharging you for virtual goods at 70% instead of 40-55% until I get my full payment.

Payment Option 3: If you already have a supplier, you take \$3000 off the price.

PM me for my contact info.

Can you share earnings proof

No vouch copies, no discounts. Middleman is ACCEPTED! Don't release until you earn, see deposit for yourself.

Can I do 50% up front then pay you the other half off profits?

ruckerstackz - November 25, 2025, 11:46 am

Can you explain more about what the method is? You say this about obtaining a virtual item that retains its value for 25% but then what? How does that turn into money into my pocket?

relax_preppie - November 26, 2025, 11:40 am

Price has increased to \$6000. I will accept 50% payment down payment but there will be \$1000 extra to the total cost and collect 50% of each withdrawal until remainder 50% is paid out.

I forgot to mention there are additional investment requirements. Each additional cash out account is \$150 from me, unless you have a different way or acquiring them. You profit \$25-30 for every \$70-75 spent if you're on the 50/50 plan and if you're full price you profit \$50-55 for every \$40-50 spend.

There are two websites that you can perform this on. The main website is accessible by 95% of the states the other is a bit more strict.

What's your tg?

STE99109 - November 28, 2025, 12:49 am

Can you show the actual dates on the deposits so we can see how much you realistically earn from this daily? Your thread says \$5k-\$10k a day, but we cannot see how long it took to obtain the deposits shown in your screenshot

No longer using Telegram since people can just message you out of the blue and delete convos. I will only use discord.

I've added more details in the listing. When you deposit the funds into middleman and I tell you about the method before performing it, you can ask for a refund with no questions asked.

.Magic - November 28, 2025, 11:58 am

OP showed me the method for vouch copy purposes. I can vouch and say this method does work, tried a small amount and was able get a profit with minutes of work, the initial setup can take a bit longer. Thousands a day is defiantly possible with this method, I am not able to scale it currently though.

Legacy - November 28, 2025, 5:16 pm

Will buy this only if MM holds funds till I actually cash out half of what I am paying you.
Won't agree to release once I "learn the method".
That's not enough of guarantee to make my money back.
Let me know.

Anchosteam - November 30, 2025, 6:32 am

Just so I'm on the same page here:

For every \$750 I spend I should earn back the initial \$750 plus \$250?

And it's an additional \$150 for every account...which would last how long?

\$7,000 plus fees is pretty steep for a 20% return. The question is will this method last long enough to at least get your money back let alone profit.

OP please let me know if my numbers are wrong...

If you're on the 50/50 plan you will not have access to the 45% supplier until full method is paid off.
I'm sorry you don't agree with my prices.

Edit: My biggest withdrawal to day.

lopo124 - November 30, 2025, 3:14 pm

What would be the minimum investment required in your opinion?

Ideally I think a goal should be NET \$1K/day. That means positive p/l. \$1500-\$2000. And it depends what plan you're on, full price or 55/45 payment plan.

The more liquidity you have access to the better, this is definitely one of those times that the more you put in = more you get out.

You can start right away too with no waiting.

Being in the USA makes everything a lot easier as well, kind running into issues with INTERNATIONAL. You have to spend a bit more.

now this is actually interesting to follow and unique method i seen here

Hello, does it involve scamming people ?

Lday7 - December 2, 2025, 6:33 am

Is this something temporary or something that will work for a long time?

No

As long as social casinos stay legal in the USA.

2nd Copy is in escrow, 3rd copy is now \$7000 for full payment, \$8000 for 55/45.

shasu - December 2, 2025, 1:31 pm

Is it a MLM thing ?

Also I see you're withdrawing on a debit card. Do you need to have a fake bank account, or hide your identity (how illegal is it) ?

It seems you've maxed this out, so now you're selling the 'method'?

your opening posts says "my method helps you use a specific social casino" - so what happens when/if they patch this method?

The fact a DL +SSN is required, easy to track on rinse/repeat?

Further from the truth, people are hesitant on the price even with Middleman involved. I give you two chances for a refund while funds are held with MM. Once when its deposited I do tell you what the method is and if its worth for you to continue. Second is if the method doesn't work. Funds aren't released unless the method works.

relax_preppie - December 24, 2025, 10:55 am

Price has increased to \$8000, if you already have a supplier it is \$5000 just for the method.

@Zexi has completed two successful middleman transactions.
