LOUDERMILK - August 2, 2026, 8:59 am

Method is laid out clear step by step

I did not implement it for personal reasons though I have implemented a similar one on the same platform.

Claim of 950/day is way off for someone starting

Expect some investments 50-100 too first couple of months to get the ball rolling and be visible.

Imo could break even and be profitable in 4-6 months but again nothing close to claim

Good luck

one question please, how will I be able to earn with this, and are there any proofs of earnings

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
