QUICK BUY:

[attachment=2291]

Easy to use TG bot

Direct CLI menu options

Only 500 bytes via thread attachment - Full source code

HF Contracts are advised for guaranteed support & buyer safety

[contract=tid]Start Contract[/contract]

USE CASES include...

Server Access & Management

Direct CLI / Commands

Custom TG Shops

Let Your Users Trigger Scripts & Programs

Tools & Services (ex: scans, fetches, backend processing)

Flexible for Anything

You can set the bot to use GUI or text-base menu, for whatever you want to support.

GUI MENU EXAMPLE:

[attachment=2291]

TEXT-ONLY MENU EXAMPLE:

[attachment=2291]

GET STARTED IN 5 MINUTES...

- > /newbot @ BotFather (<https://t.me/BotFather>)
- > Get HTTP API key
- > Edit .env file
- > Install requirements
- > Create your menu
- > Run the command: python bot.py

Easy as pie!

Remember, you can put any custom commands you want per option, and have as many sub-menus as you want too per option.
