Black Friday ExpressVPN ? "30 days free"

Hello !

For Black Friday you can get 30 days of ExpressVPN for free!

It's super useful for securing your connection, accessing blocked content, or just browsing quietly.

Here is the link to take advantage of it:

https://www.expressrefer.com/refer-a-friend/30-days-free/?referrer_id=104207967&utm_campaign=referrals&utm_campaign=ref_all_en_refer-a-friend-Legacy_d37_email&utm_medium=email&utm_source=EDM&utm_content=refer-your-friends

Enjoy it before it's ? gone

It redirects me to their normal sales page. Maybe it's already claimed by someone?
