Thread: [Web Scraping Bot](#)

MrPou - November 29, 2025, 8:55 am

Hi, how are you? I'm looking for a web scraping bot that collects Gmail data from the internet. Ideally, it should use JavaScript or TypeScript with Node.js.

BlackSoulZN5006 - December 18, 2025, 11:00 am

For web scraping it would be the Python programming language with Scrapy.
