Thread: [How to make over \\$10,000 a month off one subreddit.](#)

Oranolio - November 30, 2025, 12:24 pm

I have been ewhoring since 2014. I have come to the conclusion that I don't think I'll ever stop ewhoring. I have been doing something for the past 2 years and I have moved on to something new so I am open to teaching a few people.

Listen, if you don't have basic communication skills, this isn't for you. I'm not going to teach you from the beginning. You need to be slightly experienced. I have zero desire to teach the fundamentals of social engineering.

You can figure out the subreddit and everything but without the way I do social engineering you will not make literally anything. I have mastered the ability to make these guys fall in love within 5-10 messages. It's ridiculous. You don't need a pack. You don't need really anything. You need to have a fucking brain. And just do exactly what I say.

It is not hard to make \$1,000 a day.

<https://ewhoring.com> is my website.

I am willing to offer 3 vouch copies before paid. I need you to comment your experience and what your current struggles are. I want people who know the fundamentals of ewhoring and who have experience. NO BEGINNERS. After that I am open to helping 10 people total. I am again, very picky, middle man is fine from any reputable person.

I am wanting to find some people who genuinely will thrive within this topic so I that I can be able to build a group of people that able to thrive together.

After the 3 vouches it's just \$150 each for the 10 people - but as I said I'm not going to teach the first person who throws \$150 at me.

I would take a vouch copy and also review it if I am eligible.

Dudes website is amazing and some of the best original content ever in the history of the e-whoring community. Very cool that he is trying to revive the dead e-whoring scene and advance the meta from the ol dating app broke college boy days ;) If you're gonna buy anything on this section this guy definitely looks like the guy to go to.

Would love to take a vouch copy. Used to do ewhoring back in the days, but been out of the game for a few years and don't know the current methods. Would love this opportunity to learn the game again and I'm willing to put in the time and effort. Would even be happy to pay a good share from profits on top of leaving a vouch and detailed review.

Your domain looks HQ but created in 2005 and changed 30 November 2025 so i would like to have a vouch copy if possible.

I've been in the e-whoring scene since 2017, I'd appreciate if you deem me worthy enough for a vouch copy. I also have experience with reddit so I'll be a good choice to offer better review for your method.

Still doing vouch copies? I used to own an onlyfans agency, ewhoring etc so I am highly experienced in this field. I will write a detailed review, of course.

Well, I had some issues personally that I had to sort out, but I am thinking about getting back in the game.
