Thread: [BERSERK!](#)

I.o.U - December 3, 2025, 4:43 am

Hey guys! Have you ever read Berserk? If you have read it, I am curious about your reviews. This manga is one of my favs.

Hackers - December 3, 2025, 4:43 am

I have not read or seen this, what's it about?

I.o.U - December 3, 2025, 4:48 am

It's a dark fantasy Manga that follows the main protag, Guts the black swordsman, as he traverses a world of Demons and Knights. Themes include betrayal and most importantly VENGEANCE. That's all I can share, make sure to give it a look. There is an anime but the manga is where it is at.

Ps. Berserk was the inspo for many of today's namesake media, including the Elden Ring franchise itself.

Nice, not into anime much but every now & then a series catches my eye, depending on art style, dialog, etc

I'll take a look!

The artstyle is very detailed and unique. Author passed, but the work still lives on!

Hold your tongue, CUR.

HerrWinston - December 4, 2025, 9:47 am

Really liked it, a very unique approach and the art was good aswell, the end caughted me pretty off guard tho. Def one of the classics I would recommend to anyone who isnt too afraid of gore type of things.

I heard his successor is ready to step up, before 2030 at least I am not too sure.

The gore got me into it lol. Edgelord teen phase was fun, the first chapter already got me hooked and set the tone of "This isn't earth, this is 'hell' " quite well.
