Thread: [YOUTUBE PREMIUM 1 YEAR | NO SHARED FAMILY | YOUR OWN ACCOUNT | INSTANT LINK](#)

jazzmanq - December 4, 2025, 7:29 am

Hello everyone,

I am offering YouTube Premium + Music (12 Months) subscriptions. Unlike cheap shared family plans that get banned or downgraded after a few weeks, this is a premium activation service for your own personal account.

? HOW IT WORKS: It is extremely simple and secure.

You pay.

I send you an Official Google Activation Link.

Click the link, hit "Activate", and your 12-month plan starts instantly.

? WHY CHOOSE THIS SERVICE?? 100% Privacy: I do NOT need your email or password.

? Individual Plan: You are not joining a random "Family" group. This is for your own private account.

? No VPN Needed: The link works globally without VPNs.

? No Drops: The subscription is officially prepaid for 1 year. No monthly payment glitches.

? PRICE: \$35 (1 Year)

? TERMS:

Warranty valid for the full 12 months.

Delivery is usually instant if I am online.

Payment Methods: Crypto/Binance Pay

What if the account previously had been added to a family plan?

How long have you been selling this service?

Is there any variation of a warranty included? Youtube services tend to get patched up quick enough.

Let me know, interested.

Thanks!

I've been selling it on a Spanish forum for a few months, sold a lot of them, 0 issues.

Will send you a PM.
