Thread: [I can provide 1k+ workers](#)

Engima - December 4, 2025, 12:49 pm

Hello everyone,

I have a big network of over than 1k workers who are mainly living in 3rd world countries.

If you have a job that needs a big amount of workers I can be your guy!

i am - December 4, 2025, 11:29 pm

What are the accents like?

Engima - December 7, 2025, 10:19 am

I can find native-like English speakers

Hackers - December 7, 2025, 11:24 am

any specialty skills or certain services they're better with?

flyingduck - December 7, 2025, 11:36 am

this could be very interesting. what do they charge per hour? any skills? hopefully not "phone-workers" ?

I'd say everyone has his own skill and I tried most of them before in boosting my social media posts

They'll probably be paid per task, some of them are phone-workers

And just for your info everyone, I am a social media content creator with 100k followers and my niche is online money-making and freelancing, so I have a big database of people who are ready to work online or do tasks online for money.
