Video of chat:

<https://vimeo.com/1146055869?share=copy&fl=sv&fe=ci>

There was a clear promise, to send 2k, to my ETH address. For source code, I sent source code.

Flariuu is using a 3rd party who introduced us, as a reason to not send the money.

The 3rd party who introduced us, i made a private deal with them saying id give them 50% 50% of what i sell the source code for.

me and flariuu, had a deal for 2k

I sent the source code, the deal between the 3rd party has no involvement in this. As that was my promising 50% of the sale, not a HF realted contract.

Code I a, [12/12/2025 10:44 AM]
Hello.

Lawrence, [12/12/2025 10:45 AM]
Hi I'm willing to buy your website.

I a, [12/12/2025 10:45 AM]
So thank you hammer for bringing us together, i asked him to put us in a group chat for a couple reasons.

I want to make sure any questions you have, are answered.

And i can explain what is needed, or setup time, and all that so youre not confused about anything before we make any deal official .

I a, [12/12/2025 10:49 AM]
I want to mention, my HF username is "Oxycodone" — so you can hold me accountable for anything I say, any promises i make, and so forth. You can see my profile i been online since 2009.

Pkg.llc , is my site, but as you can see i use it for more demos / previews / development and testing.

I'm not selling the site itself, im selling the source code.

It would require you to have a dedicated server, or a strong VPS, i can recommend ones that arent

expensive.

It would require a domain name (if you choose to use a domain i mean) as well.

Im not selling my server itself, as its linked to my personal billing info + the domain isnt owned by me so i wouldnt be able to sell it, its more so my business partners.

I can sell you the source code, as its 100% mine. I can set it up on your own server, link your domain and get it al up and running for you not a problem.

I a, [12/12/2025 10:50 AM]

also, im always adding features, working on new things for the platform, so what youre buying is also updates and any problems you ever encounter i will fix them. Youre not buying just the source, I come along with it.

I will be here to help you with anything, any bugs , any issues any features you want added (i can try my best to add it in)

Lawrence, [12/12/2025 10:50 AM]

Ah so how long would it take to set it up then? I would rather set everything up myself honestly

I a, [12/12/2025 10:50 AM]

If you want to set it up yourself, thats perfectly fine.

I a, [12/12/2025 10:51 AM]

The setup isnt long, i can do my best to provide you everything to automate as much of the setup as possible.

I a, [12/12/2025 10:51 AM]

Youre comfortable with web servers?

Lawrence, [12/12/2025 10:51 AM]

I don't know too much about them

Lawrence, [12/12/2025 10:52 AM]

This website is being used to sell cheap shipping labels. May I ask which shipping provider you all use?

Lawrence, [12/12/2025 10:53 AM]

Also who am I paying then? If you're the one who owns the source code, how does hammer play into this?

Lawrence, [12/12/2025 10:54 AM]

I assumed he was the owner haha

I a, [12/12/2025 10:54 AM]

Well , i can show you how to set it up , so you can do it all yourself. That way you learn from it and its not me leaving you in the dark.

To answer your question, setup time is going to be based on:

How long till youre given server credentials, able to login to root, and access domain name settings

, then setting up cloudflare + waiting for propagation of the DNS servers (doesn't take too long usually)

usually all this basic stuff, takes less than 12-24 hours.

I would recommend a dedicated server, from hertzner — you can get one starting at 40\$ or so per month that will work, the better specs, the faster / more performance you can push things, 80\$ would be overkill for example

That's the price range you'd be looking at at least with hertzner

I a, [12/12/2025 10:54 AM]

or you can choose your own host supplier, they just have the best pricing

I a, [12/12/2025 10:54 AM]

anyways

Lawrence, [12/12/2025 10:54 AM]

I understand

I a, [12/12/2025 10:55 AM]

Once you have server details, we can login as root, I'd say to get everything configured, NGINX / Apache + Domain Name Pointed + Database (postgresql) + node js & packages installed

I a, [12/12/2025 10:56 AM]

and then finally, the site deployed, would be a few hours to 12 hours. No longer than 24

I say 24 only because I don't want to lie, sometimes nginx is confusing and is picky, and that delays me.

In case of any other issues I cannot predict, I say 24 hours.

If all goes well, it won't be long, maybe 3-6 hours if we have access to everything and nothing holds us back

I a, [12/12/2025 10:56 AM]

I can obviously send you source code immediately, so it's not like I'm holding it from you

I a, [12/12/2025 10:56 AM]

this is only in regards to setup time.

Lawrence, [12/12/2025 10:57 AM]

Since I'm only paying for source code, would it be fair to bump the price down?

I a, [12/12/2025 10:57 AM]

It would be

Root > Update server (security / latest OS of linux etc.) > Install requirements such as Node JS + PNPM . etc... > Upload files, Install packages. and yada yada yada

Lawrence, [12/12/2025 10:57 AM]

I don't think source code is worth \$2.5k

I a, [12/12/2025 10:58 AM]

You're also trading a method or something like that with Hammer correct?

Lawrence, [12/12/2025 10:58 AM]

My money making method yes

I a, [12/12/2025 10:58 AM]

Since you're doing that, and it means a lot to him. Yes i can bump it down in price.

Lawrence, [12/12/2025 10:58 AM]

He offered a trade

Lawrence, [12/12/2025 10:59 AM]

He said the original price for this website is \$5k

I a, [12/12/2025 10:59 AM]

As long as hammer is okay with me lowering the price, i dont mind lowering it since hes getting the method from you.

I a, [12/12/2025 10:59 AM]

Yeah i wanted 10k, i told him i doubt we would fnd a buyer for 10k

I a, [12/12/2025 10:59 AM]

so i said id take 5k nothing lower then 2.5k

I a, [12/12/2025 10:59 AM]

I'd like to get 10k for it, but that takes a while.

but realistically, 5k for it, and id go as low as 2.5k .

50/50 split between me and you, would result in 1.25k to 2.5k each (if sold for 2.5k - 5k)

its meant to be a reseller platform, i can provide you account access to browse and see its features.

I a, [12/12/2025 11:00 AM]

this is just proof im not lying to you about it

Lawrence, [12/12/2025 11:00 AM]

But you're willing to go lower than \$2.5?

I a, [12/12/2025 11:00 AM]

Yes only because youre doing the method for him, and im dead broke tbh. I have money in my coinbase, but its locked due to me loosing my ID

I a, [12/12/2025 11:00 AM]

and i need to goto the DMV ot get a replacement lol

I a, [12/12/2025 11:01 AM]

and christmas is coming up so im in a bind, youre trading a method that i seen on HF is worth a good penny.

and overall, youre willing to make a deal, and im willing to make a deal.

I a, [12/12/2025 11:01 AM]
what price do you feel is fair.

Lawrence, [12/12/2025 11:01 AM]
I can do it for \$1k

I a, [12/12/2025 11:05 AM]
Honestly, I wouldn't be able to do it for 1k. The main reason is that I'm committing to providing ongoing updates and continued support in case you encounter any bugs or issues. I'm also splitting the payment 50/50 with Hammer, as promised.

At that rate, 500 simply isn't worth the amount of work required or the months of support and immediate attention I'll be providing.

I'd be willing to do 2k , and this isnt even worth it for me to be honest, im hesitant at this. But i am not going to back down from what i said, in regards to i will lower it a bit.

I've personally spent 4 months coding this, this version specifically (ive had 3 versions of this site, this is the latest version) ive spent 2 months on this version alone.

I a, [12/12/2025 11:06 AM]
one last thing,

I am still finishing some features such as connecting it with Shopify, Woocommerce, and those intergrations.

Label production 100% works. Flawlessly .

You can test the site out yourself and verify my claims.

I a, [12/12/2025 11:06 AM]
but i want you to know i am t the moment (literally before this chat) i was reading the docs on Woocommerce, cashapp , shopify, etc..

I a, [12/12/2025 11:07 AM]
CryptoCloud Plus is currently 100% intergrated for autoamted payments

Lawrence, [12/12/2025 11:07 AM]
\$2k?

I a, [12/12/2025 11:07 AM]
yes

Lawrence, [12/12/2025 11:07 AM]
Who do I pay

I a, [12/12/2025 11:08 AM]
You'd pay him. Or half to him, half to me. Whatever you want. We can make a contract on HF aswell if you like.

Lawrence, [12/12/2025 11:09 AM]

Sure I can pay hammer

Lawrence, [12/12/2025 11:09 AM]
He'll pay you half?

I a, [12/12/2025 11:09 AM]

Also to clarify, do you have any questions, concerns, or anything that i havent been clear about, as i want to ensure everything was discussed and you've seen the site, and are comfortable with everything.

I a, [12/12/2025 11:10 AM]

Hammer, should he pay you in full or send half to you half to me, its up to you. Whatever is more comfortable.

Lawrence, [12/12/2025 11:10 AM]

I'll let you know, but so far everything seems good

Lawrence, [12/12/2025 11:10 AM]

I feel that I could make a lot of money using this for clients

hammer jackson, [12/12/2025 11:11 AM]

He can pay me in full; that's what we were discussing before this group chat

I a, [12/12/2025 11:11 AM]

awesome. I apologize if im being to talkative, i just want things to be open and no confusion .

Lawrence, [12/12/2025 11:11 AM]

You seem trustworthy

Lawrence, [12/12/2025 11:11 AM]

What crypto are you guys taking?

hammer jackson, [12/12/2025 11:12 AM]

I can take USDT if that's fine with you I a

I a, [12/12/2025 11:13 AM]

Im going to build, and upload what i have currnetly to pkg.llc as I was in the middle of coding additional things.

Give me 5 minutes, to ensure the source i build, is good to go. So i can transfer you the source code immediately

I a, [12/12/2025 11:14 AM]

give me 5 mins to just build where im at and ensure i can send the source where it can build and not give issues 1 moment

Lawrence, [12/12/2025 11:14 AM]

Am I supposed to pay before or after you send source code?

I a, [12/12/2025 11:15 AM]

What makes you feel comfortable. Im going to say, i trust you. I just want to ensure I can send you working code, prior to accepting a payment , as any bug or typo will cause the code to not build, and even if its a simple ";" , that would casue it to not work, so i want to ensure i have buildable code,

wont take me more then 5 mins

I a, [12/12/2025 11:16 AM]

before we accept payment, i can send you the code first doesnt bother me

I a, [12/12/2025 11:16 AM]

give me 5 mins to finsih up and build , and ill send it over

I a, [12/12/2025 11:17 AM]

Also , if you want to make any HF contracts, please let me know i can send you my profile on HF

Lawrence, [12/12/2025 11:17 AM]

We can do that

Lawrence, [12/12/2025 11:17 AM]

Oxycodone right?

I a, [12/12/2025 11:17 AM]

<https://hackforums.net/member.php?action=profile&uid=79990>

I a, [12/12/2025 11:17 AM]

yes

I a, [12/12/2025 11:19 AM]

Like i said, ive been a member since 09, it doesnt mean much other then the fact I am not here to just ignore you after this. I want you to remember, youll have my full support, and i will do my best to help in any way I can, even add in additional features within reason if needed.

I a, [12/12/2025 11:19 AM]

I just like doing good business and want that to be known, im always here to help.

I a, [12/12/2025 11:19 AM]

give me 5 mins ill be back im just going to build and upload real quick and confirm im ready on my end

Lawrence, [12/12/2025 11:20 AM]

Where's the thread link so I can start a contract

I a, [12/12/2025 11:21 AM]

I dont have a thread for selling this specifically, hammered actually messaged me about your method, i told him im broke, i have this source to sell.

I a, [12/12/2025 11:21 AM]

and if he can help me sell it, id split profits with him to make a deal basically one way or another.

I a, [12/12/2025 11:21 AM]

actually wait

I a, [12/12/2025 11:21 AM]

there is a thread, its just not labeled the same , i named it Warehouse

I a, [12/12/2025 11:21 AM]

1sec

I a, [12/12/2025 11:22 AM]
i just dont like to advertise USPS on the site, as its feds on HF lol

I a, [12/12/2025 11:22 AM]
<https://hackforums.net/showthread.php?tid=6314960>

I a, [12/12/2025 11:22 AM]
i forgot i posted it , i didnt get any responses, assuming no one really understood what is was truly for since i didnt mention USPS in it

I a, [12/12/2025 11:23 AM]
anwywasy 2-3 minutes ill respond

I a, [12/12/2025 11:23 AM]
brb

Lawrence, [12/12/2025 11:24 AM]
Contract started

I a, [12/12/2025 11:26 AM]
ill accept it shortly just finishing htis up, give me maybe 5 mins extra, im just going to use the bathroom, bad timing i know wont take long im uploading the code rn to the site to confirm everythigns good and ima be right back

Lawrence, [12/12/2025 11:27 AM]
Sounds good

I a, [12/12/2025 11:35 AM]
Almost done , just finishing the upload, and gonna zip it all up

I a, [12/12/2025 11:35 AM]
thanks for being patient

Lawrence, [12/12/2025 11:36 AM]
No problem, let me know.

Lawrence, [12/12/2025 11:37 AM]
Hammer, do you have an HF account?

hammer jackson, [12/12/2025 11:38 AM]
No, I'm just a guest on HF. I'm more active on other forums

I a, [12/12/2025 11:39 AM]
I just met him actually aswell Lawrence, but this deal regardless will reflect on me. as im putting my profile/ my account and my contract with you. Regardless of hammer.

i wont leave you hanging regardless of the deal made with hammer and I

Lawrence, [12/12/2025 11:39 AM]
Ah well after making the contract with Oxycodone, I realized wouldn't it make more sense for me to pay him directly rather than you since he's the one I started a contract with?

I a, [12/12/2025 11:39 AM]
we can do either or

Lawrence, [12/12/2025 11:39 AM]
Unless I can start a contract with your HF account hammer

hammer jackson, [12/12/2025 11:40 AM]
It's up to you

I a, [12/12/2025 11:40 AM]
i just told hammer, that he blessed me by making this happen.

I told him i seen memebbers with 1k rep scam, it doesnt bother me hes a guest.

and i want him to feel secure, as he made this interaction possible.

So you can pay him or me , doesnt matter.

I a, [12/12/2025 11:40 AM]
I just wanted to make sure he felt like he couldnt be done dirty out of the deal if you get me.

I a, [12/12/2025 11:41 AM]
It was a random blessing not gonna lie.

Lawrence, [12/12/2025 11:41 AM]
Well to me, I'd rather take the safest choice with my \$2k.

I a, [12/12/2025 11:41 AM]
Yeah thats fine, you can send it to me.

Lawrence, [12/12/2025 11:41 AM]
Have to look at it from the buyer's pov

I a, [12/12/2025 11:41 AM]
yeah ofcourse

Lawrence, [12/12/2025 11:42 AM]
You take USDT correct?

Lawrence, [12/12/2025 11:42 AM]
That's what I was planning to pay in, but I can do most cryptos

I a, [12/12/2025 11:42 AM]
I dont have any ETH so i cant pay for gsa fees

I a, [12/12/2025 11:42 AM]
gas *

I a, [12/12/2025 11:43 AM]
Can you do ETH ?

Lawrence, [12/12/2025 11:43 AM]
Sure

I a, [12/12/2025 11:43 AM]
perfect.

I a, [12/12/2025 11:43 AM]
im finishing up rn

I a, [12/12/2025 11:43 AM]
1 min

I a, [12/12/2025 11:48 AM]
Okay so the latest build is online at <https://pkg.llc/>

I a, [12/12/2025 11:48 AM]
i have the source files packaged into a zip

I a, [12/12/2025 11:48 AM]
im going to send my eth wallet right now, for 2k.

I a, [12/12/2025 11:49 AM]

I a, [12/12/2025 11:49 AM]
0xc6bc7497e3f4a5ee0766c21ab423f04e794b865d

I a, [12/12/2025 11:50 AM]
Thats my ETH wallet.

Lawrence, [12/12/2025 11:50 AM]
Wait sorry I need to convert some money into ETH

I a, [12/12/2025 11:51 AM]
its fine, it wont take long.

I a, [12/12/2025 11:52 AM]
im accepting HF contract right now

hammer jackson, [12/12/2025 11:52 AM]
Hey, let's hold off on the deal for a bit. There's something I want to confirm with Oxycodone

I a, [12/12/2025 11:52 AM]
I sent the source code already.

I a, [12/12/2025 11:53 AM]
and youre only gaining out of this, as im sending you 1k once i receive it.

hammer jackson, [12/12/2025 11:54 AM]
I sent you my request over dm

I a, [12/12/2025 11:54 AM]
and hes sending you a method, aswell . So i dont see this as a right time to cancel any deal, when
youre not loosing. and Ive already sent the code. With all respect,

Lawrence, [12/12/2025 11:54 AM]

I'm fine with waiting if hammer has concerns, I haven't touched the code

I a, [12/12/2025 11:54 AM]

its not about that.

I a, [12/12/2025 11:55 AM]

what concerns can he have?

I a, [12/12/2025 11:55 AM]

hes not giving up any money or source code, hes only gaining from this deal.

I a, [12/12/2025 11:55 AM]

Youre risking 2k, and im risking my source code

I a, [12/12/2025 11:55 AM]

in which i sent him and i sent to you

Lawrence, [12/12/2025 11:55 AM]

Well he is the one that reached out to me first

I a, [12/12/2025 11:55 AM]

and me and you have a HF deal. ike you said?

I a, [12/12/2025 11:56 AM]

What im asking is this

I a, [12/12/2025 11:56 AM]

What is he risking, or giving up, other then me and you meeting.

I a, [12/12/2025 11:56 AM]

I given him my source code, and ive sent it to you.

I a, [12/12/2025 11:56 AM]

He has 0\$ invested to thi deal

I a, [12/12/2025 11:56 AM]

other then introducing us

I a, [12/12/2025 11:57 AM]

The worse that can happen is you dont send him the method. And i dont send him the 50% i promised him.

I a, [12/12/2025 11:57 AM]

but i trust you will send him the method

I a, [12/12/2025 11:57 AM]

and i know im mot a liar

Lawrence, [12/12/2025 11:57 AM]

He's the whole reason this was able to happen haha

Lawrence, [12/12/2025 11:57 AM]

I know him from other forums which is why I was willing to listen

I a, [12/12/2025 11:57 AM]

Yes, but he has 0\$ invested to this deal.

I a, [12/12/2025 11:57 AM]

alright, so i just got fucked out of my source code right?

Why does he want to wait, after i sent him my code

I a, [12/12/2025 11:58 AM]

it makes no sense to me, that there is anything he is concerned about

hammer jackson, [12/12/2025 11:58 AM]

I want you to send me the money first to make sure that I end up getting it

I a, [12/12/2025 11:58 AM]

send him half, send me half then idc

hammer jackson, [12/12/2025 11:58 AM]

This way no trust is involved, I let you know that

I a, [12/12/2025 11:58 AM]

i told you my account is locked until I get my ID

I a, [12/12/2025 11:58 AM]

i am dead broke

hammer jackson, [12/12/2025 11:59 AM]

Lawrence, are you fine with waiting?

I a, [12/12/2025 11:59 AM]

if you know him from another forum, then why did you asking if he has a profile on hf ?

I a, [12/12/2025 11:59 AM]

This is straight up a scam.

I a, [12/12/2025 11:59 AM]

you guys got me.

I a, [12/12/2025 11:59 AM]

Thanks.

Lawrence, [12/12/2025 11:59 AM]

Contract can only be started on HF

I a, [12/12/2025 12:00 PM]

me and you had a contract

Lawrence, [12/12/2025 12:00 PM]

That's why I wanted to know if he had one, we only made a couple deals for a proxy on cracked

I a, [12/12/2025 12:00 PM]

I a, [12/12/2025 12:00 PM]
i sent the soruce codd

I a, [12/12/2025 12:00 PM]
look im not here to argue or acuse anyone.

I a, [12/12/2025 12:00 PM]
Im simply saying this.

I a, [12/12/2025 12:00 PM]
If he wants money up front

I a, [12/12/2025 12:00 PM]
send him ahlf, send me hafl

Lawrence, [12/12/2025 12:00 PM]
Yeah, but before I was willing to pay hammer

I a, [12/12/2025 12:00 PM]
fair?

I a, [12/12/2025 12:01 PM]
you told me you wanted to pay me as it was only right as thats who ahd a contract?

Lawrence, [12/12/2025 12:01 PM]
I don't want it to be unfair to him though

hammer jackson, [12/12/2025 12:02 PM]
Again, we can wait for Oxycodone to get his money

I a, [12/12/2025 12:02 PM]
Ah well after making the contract with Oxycodone, I realized wouldn't it make more sense for me to pay him directly rather than you since he's the one I started a contract with?

I a, [12/12/2025 12:02 PM]
nah im not gonna wait 2 weeks

I a, [12/12/2025 12:02 PM]
to then send you \$ out of my own account

I a, [12/12/2025 12:02 PM]
when he can send you half

I a, [12/12/2025 12:02 PM]
and me half right now?

Lawrence, [12/12/2025 12:02 PM]
Is that fine with you hammer

I a, [12/12/2025 12:03 PM]
i just want the 50% , i dont care about getting the 2k upfront, you can split 1k payment to him and

1k to me as thats all i expect out of the deal

hammer jackson, [12/12/2025 12:03 PM]

Let me think about it

I a, [12/12/2025 12:04 PM]

explain to me , what the concern is hammer?

I a, [12/12/2025 12:04 PM]

That you dont get paid? When he is clearly willing to send you your half directly, and mine directly ?

I a, [12/12/2025 12:04 PM]

Or lawrence, explain to me what i might not be understanding

Lawrence, [12/12/2025 12:05 PM]

I'm willing to do whatever y'all want

I a, [12/12/2025 12:05 PM]

because maybe im just blind right now and not seeing how things can go bad for hammer, when hes not exchanging anything himself, hes not a developer of my code.

Hes not holding your money.

He simply introduced us.

For that, i promised him 50% of the deal + he wanted your method.

I a, [12/12/2025 12:05 PM]

so If you feel comfortable with it . Lawrence. As im not trying to force you to do anything

hammer jackson, [12/12/2025 12:06 PM]

Nah I'll wait, I'd rather make sure I can trust him for future transactions anyways. This is more of a test

I a, [12/12/2025 12:06 PM]

i just want to understand why the deal has to wait , when there a solution now, and theres no way of me doing anyone wrong?

I a, [12/12/2025 12:06 PM]

Trust me ? when Lawrence just said he can send you the money

I a, [12/12/2025 12:07 PM]

This makes no sense.

hammer jackson, [12/12/2025 12:07 PM]

Yes but you wanted to do more deals in the future

I a, [12/12/2025 12:07 PM]

I told you, we will make money in the future.

I a, [12/12/2025 12:07 PM]

i didnt say any deal specifically

I a, [12/12/2025 12:07 PM]
wtf?

hammer jackson, [12/12/2025 12:07 PM]
If you do this then I know we can move onto bigger business

I a, [12/12/2025 12:07 PM]
dude im broke as fuck for christmas

hammer jackson, [12/12/2025 12:07 PM]
Without me having to worry about anything

I a, [12/12/2025 12:07 PM]
i just told you how much i appreciated you for this

hammer jackson, [12/12/2025 12:07 PM]
I don't care about \$1k, I just want to know if you're a reliable person

I a, [12/12/2025 12:07 PM]
you have no idea how bad im screwed , my car tires were slashed by my ladys ex bf for the 3rd time.

I need 4 new tires / new used at least on my car, its nearly christmas i havent doen shopping. I wont get my ID till after christmas, and that means im broke until i get my coinbase account

I a, [12/12/2025 12:08 PM]
okay, thats not my point

I a, [12/12/2025 12:09 PM]
why arent you finne with gettign paid by lawrence?

I a, [12/12/2025 12:09 PM]
why do i need to pay you out of my own wallet, before lawrence pays me?

When lawrence can pay you half, and e half, as promsied

hammer jackson, [12/12/2025 12:09 PM]
^

hammer jackson, [12/12/2025 12:09 PM]
I know he can pay me half directly, but I still want to see if you're a reliable person for business

I a, [12/12/2025 12:09 PM]
Look im not gonna argue , over this, as its clear as day there is no common sense.

I a, [12/12/2025 12:10 PM]
How does that even make sense?

I a, [12/12/2025 12:10 PM]
if he pays you half, doesnt that make my promise to you, exactly what i said it was?

I a, [12/12/2025 12:10 PM]
50/50?

hammer jackson, [12/12/2025 12:10 PM]
Again, the money doesn't matter to me

hammer jackson, [12/12/2025 12:10 PM]
I just want to see how you are as a person

I a, [12/12/2025 12:11 PM]
this makes no sense.

I a, [12/12/2025 12:11 PM]
I followed through, with every promise i made.

I a, [12/12/2025 12:11 PM]
This is a scam clearly, i have it all recorded.

I a, [12/12/2025 12:11 PM]
Ill let HF decide if im crazy, or not. I dont care.

This isn't something normal.

hammer jackson, [12/12/2025 12:12 PM]
Alright man

I a, [12/12/2025 12:12 PM]
I followed every deal , im not going to make a therad attacking lawrence, or accusign him of scamming

I a, [12/12/2025 12:12 PM]
but i want HF to clarify if im in the wrong

I a, [12/12/2025 12:12 PM]
or if im right and this is straight wierd

Lawrence, [12/12/2025 12:13 PM]
How am I involved in this?

I a, [12/12/2025 12:13 PM]
because you and i have a HF contract

I a, [12/12/2025 12:13 PM]
my ETH wallet is in the contract

I a, [12/12/2025 12:13 PM]
it clearly says 2k for soruce code

I a, [12/12/2025 12:13 PM]
i sent soruce code

Lawrence, [12/12/2025 12:13 PM]
I was thinking that I was going to pay before, but Hammer didn't want it to happen so I changed my

mind

I a, [12/12/2025 12:13 PM]
hammer and me , thats oru deal

I a, [12/12/2025 12:13 PM]
i promised him 50% of the 2k

I a, [12/12/2025 12:13 PM]
thats on me to send him

I a, [12/12/2025 12:14 PM]
from the 2k

I a, [12/12/2025 12:14 PM]
Opening a HF deal dispute right now.

I a, [12/12/2025 12:14 PM]
bye

In regards to chat, I am "I a" , Lawrence is the defendant , hammer is the 3rd party that introduced us, that i talked to prior and made a private deal with saying if he cant help me find a buyer, id split profits with him.

That 3rd party deal, has nothing to do with HF as my deal that matters, is with lawrence aka teh defendant

Quote:Flariuu is using a 3rd party who introduced us, as a reason to not send the money.
Red flag alert right there and I am only half way through reading this.

Charlie Sheen - December 12, 2025, 2:59 pm

This member Hammer, does he have an account here?

Flariuu - December 12, 2025, 4:02 pm

Again, I'm still willing to make the deal. I just didn't want it to be unfair to your partner, and you were in a rush to send the code even though he didn't want to go through with it. He's the only reason I wanted to make this deal in the first place

Sooo pay.. You got what you are contracted to buy, right? Time to pay up.

Charlie Sheen - December 23, 2025, 9:38 pm

[Flariuu](#)

The arrangement he has with another person is separate from your deal with [Oxycodone](#)

He has already upheld his end of the deal with you, the contract is strictly between you and him here. You need to uphold your end of the deal.

SIM-4791795 - December 23, 2025, 10:17 pm

How is no one picking up the 3rd party is Flariuu's alt?

Flariuu introduces "3rd party" to Oxycodone.

Flariuu is attempting to extort \$1k from Oxycodone and keep the source code.

Charlie Sheen - December 27, 2025, 3:04 pm

[Omniscient](#)

It's apparent that [Flariuu](#) attempted to scam [Oxycodone](#)

He reached out to him on an alternate account, tried to pretend he had someone who would be willing to purchase his source code for \$2k. As the deal got closer to getting done he then said that he wants \$1k upfront before [Flariuu](#) would send him the \$2k for the code. [Oxycodone](#) has already sent [Flariuu](#) the code and is holding up sending any funds until [Oxycodone](#) pays this "hammer" \$1k. It's a total scam.
