You scamming rat had no reason to scam I payed you well and you could have simply showed me to use the checker and the gambling bot. You choose to ghost rather than take 10 minutes to explain . You left me useless tools I can't use without tutorial and then told me hours later to wait that you were at work and then now been reading my messages not replying and now you've stolen the rdp with the tools on it so you total fked me . I payed you well . 140\$cad 128\$cad 1400usd

I get nothing . You get all my money . Your a rat piece of
