What is your guarantee on reviews that get removed by google?

We offer a 15 day guarantee because we are confident that the reviews don't get removed unless the client bought bad fake reviews before and the trustscore of their profile is low because of it. But if that happens we go with a different approach and ensure to make review growth easy and secure.

We can discuss more details in PM if needed! We are open for any question.

I'll look into it, but as of right now for me it works. It'd be great if a third person could give feedback.

Will the reviews come from new profiles or old profiles?

Images aren't loading for me either.

Can you post negative reviews as well? Or positive only?

The reviews are coming from old and new profiles. Those are real people so it's realistic and natural mixed, but mainly old and aged ones.

We deliver both types of reviews and the post is still online and going, just send us a pm and we can start.
