Hello,

Is there anyone that can help me get wormsGPT,
virtual phone number to create telegram with.
and some warp like app to have for wormsgpt? not sure how that looks but basically i want it to be
able to code on my cosmic pop!_OS and stuff ?

best regards zZeroTrace

Wish everyone a merry Christmas and a happy new year!

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
