I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Hey, sorry for the late reply. Yes it works worldwide, as long as they use the internet, obviously it depends alot on luck, for some people we will find passwords and even computer files and alot of things, for others not much.

If its a US citizen the likelihood of finding alot is much better because our access to court records and the NPD leak ^^

price error fix Intelx.io identity portal search: 5\$ NOT 2\$ ^^
