My request very simple to allow OP to have the freedom to create what he thinks I needed. My request was a banner for my profile with my username in any style he wanted.

I am very happy with the results and now using the banner on my profile. It is very simple which is what I wanted. Love the colors and sure he would have made any changes I asked. It did take a while, but OP warned me it would take a while.

Hey brother, maybe posting your portfolio or previous thread designs would be helpful so we can assess your skills :)

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
