Thread: [SOLD OUT - \\$800k+ in earnings - Serious people only - Start earning cash...](#)

Bullup - January 5, 2026, 9:59 am

EDIT:

SOLD OUT - Do not contact me for sales anymore. I'm sticking to the original 3 copies that i decided upon. There's no point in contacting me for this sales thread.

I'm not here to sell you some kind of fake secret method or undiscovered niche, or make 50k a day "method".

I'm offering you a piece of what i've been doing for 4 years now which has generated me well over \$800.000+ in those 3-4 years (realistically more but can't show proof of more).

I'm gonna keep this short and simple. I'm in a grayhat niche and have been for a couple years now, i'm extremely succesfull in that niche, i'm also guaranteed the biggest name in that grayhat niche.

If i tell you the niche, you won't accomplish anything close to what i have accomplished. If i show you exactly what i've done, and you do the same, even that won't get you the same results that i have either.

I'm selling you a ready to go version of my project, powered by my brand and fame, where you will undercut my pricing and i will still earn on the platform upsells. Customers i usually wouldn't have gotten anyways.

I'm giving you everything fully ready to go, i'm golden spoon feeding you. You just need to spend 15+ minutes a day.

And no you won't have to talk to anyone my support does that for you.

I'm willing to sell to 3 people, max.

Person 1: \$2.500 Sold to [Nugs](#)

Person 2: \$2.500 Sold to [zanepukst](#)

Person 3: \$2.500 Sold to [.Alpha.](#)

No you don't have to pay just yet!

Step 1: You show me proof of funds ready to send.

Step 2: I explain everything to you in depth and show you everything. No holding back i will show you all.

Step 3: And if you are interested to do this with me, then you pay me and we get started together. If you are not interested, then so be it, go your own way, i don't mind.

This is a partnership, not a method, we'll be working together.

Update Customer 1:

(Jan 9, 2026 08:07 PM)Nugs Wrote: [\[CITE\]](#) Update:

Multiple sales have been completed since launch. Revenue is currently going toward recovering initial setup costs. We're not fully scaled yet — full scaling is expected to be completed by Monday.

Update Customer 2:

(Jan 10, 2026 06:44 PM)zanepukst Wrote: [\[CITE\]](#) Update:

Bought slot for \$2500. We made a setup afterwards we discussed with him to make a little bit another project for +\$2500 more. In total paid \$5k and we opened a project. In first 2 hours of release we received \$870 in revenue. Looks very promising! :)

Bullup - January 5, 2026, 1:03 pm

First placement is sold to [Nugs](#) after everything was explained in depth to him, he wanted to get on board and then proceeded with half of the payment, other half will be paid upon first earnings.

He asked if i cared about getting half first, and half on the first earnings, he also said that it wouldn't be an issue if i didn't agree, well i genuinely don't care so i agreed anyways.

Spoiler ([Click to View](#))

Edit:

Keep in mind, you don't have to pay me to find out what this is all about, just ask and i'll show you everything in depth.

Pay if you want to do this with me. If you want to move along, that's entirely fine.

Edit 2:

Nugs is already earning.

Nugs - January 5, 2026, 1:14 pm

I purchased this.

This is not a "method" it's a partnership like bullup claims. He showed me his entire business (website, discord server, revenue) and I can confirm it's legit.

I won't say what the niche is but it's definitely a profitable one.

As of right now we're building my brand (marketing material, discord server, etc..). Once that's done we'll start the advertising/sales.

I can't vouch for any profits on my end yet as we haven't really started yet, but so far everything looks promising.

Profitable indeed! Thanks for confirming man.

And yeah not everyone's fit, hence why i'm transparant about what this is, before i receive payment, so that you can make a judgement wether this is for you or not, properly.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

With that 1 sale so far, does the entire amount go to you, or only a percentage?

The user is using my payments guy who handles all payments for him and pays him out weekly in whatever payment method he wants, this is costing him him a 30% fee on revenue including payment processing fees leaving him with a 70% netto profit.

He can also handle all payments himself instead, then 100% would go to him.

I do not earn on his initial sales, i earn on the upsells later on that his customers will make on my platform, which is why it's in my best interest to make sure he continues to earn for years to come, as his customers, are customers i wouldn't even have gotten without him.

It's a win win situation for the both of us, long term. Which is why it's a partnership.
