Thread: [GigSky\[1GB/15DAY\]iPhone eSIM Giveaway](#)

Axtromical - January 7, 2026, 7:34 pm

Hello Hackforums,

As stated in the title I have a eSIM available that I have no use for, as it does not work in my country. Does not work in US/has majority of other country's. The plan is 1GB of data to use within 15 days time period. Great for anyone that needs extra data/uncapped speeds/hotspot.

In order to enter please post below one thing that you are grateful for, your post number will be your entry. Winner is drawn by random number generator, only running for 24 hours due to it using up the eSIM time.
