Is this what you made and used yourself or is this a course you can get for free on Tiktok?

I've been working on this for about two years, my friend. Some experiments yielded results, and I finally found better ways.

I'm not just giving you the method; I wrote the method myself. Also its 1:1 mentorship

Why OFM and not Fanvue?

Lefty - January 28, 2026, 3:50 pm

Has anyone here had experience with this and its working?

We dont use OnlyFans anyway, you'll get banned. Fanvue is usually good.

Someone bought it, and I'm currently working with them. I'll need to teach them everything, but I've

still published my own evidence, which you can also check out.

I'll help you earn your first money.

Maybe change the name of the course than because OFM means Only Fans Management ?

If I made it FAM, I think it would be very confusing, so we chose this name for clarity.

Also, I can use AI on OnlyFans. I had an AI account on OnlyFans for about 6-7 months.

You can also use an OnlyFans account. The method I use won't immediately close your account, but it can still get the job done.

Just remember, eventually your account will be closed.

That's why I prefer Fanvue, or other sites. There are many options available.

I was about to ask him about that. I don't blame the OP. People always advertise this as "Only Fans" because that's what everyone has heard of but when you look into it is always Fanvue.

But what is the price OP?

Because Only Fans will not.

(Feb 2, 2026 06:28 AM)Lefty Wrote: [\[CITE\]](#) Okay thank you for the reply
It's alright OP. No one advertises these courses as Fanvue. It's not a serious deception in my opinion. People only know Only Fans.

Come on this is a silly question. Everyone knows that most people know the name Only Fans the most so these things ALWAYS say Only Fans but at the end of the day they really mean Fanvue because only Fanvue allows AI models. Even I know this just from watching YouTube.

OP Utopia is a fantastic name for this. lol I mean it's good. I am tempted by all this except I don't know about living with my adult son and being involved in this type of thing but I am tempted because I bet the results are pretty awesome money.

Of course, we can use Fanvue and a few other platforms for AI models.

The reason we call it AI OFM is because it's a more common and well-known name.

I purchased this about 2 weeks ago and are in constant exchange with seller. He helps me adjusting my flow and to get started easily. I am still in the construction of everything because this is a fairly new topic and made no money yet, but I think this will work in the end.

Any recent earnings you can show? Also do you offer a refund if I don't profit in say, the first 40 days?

Stanley - July 15, 2026, 5:26 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
