How often do good airdrops pass now? I was thinking about creating a script that would monitor airdrop, but my friend said that it's not the airdrop era and there's no point in such a script. What can you tell me about it? Thank you

The rewards are not on the level of Grass anymore. Could still be worthwhile but sybil checks mean that some stuff has to be done manually.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
