Thread: [G2A BUSINESS SELLER ACCOUNT](#)

HqCredits81 - January 16, 2026, 10:47 am

Currently without G2A's Business Verification, sellers there can sell only up to 1000 Euro.

Would you like to sell on one of the biggest games marketplace without ANY limits?

- Access their wholesale offers
- Skip any verification process they require
- Access to G2A's API
- Enjoy much lower fees
- Never get your auctions limited again
- Be able to withdraw in BTC

G2A is the best place to sell digital keys at the moment. Their pending period is the lowest (being 14 days) and they send out payouts fast.

The only other viable option is Kinguin as it is the only one as big as G2A but there their pending period starts at 60 days and their payouts are delayed a lot (by 1-2 months).

(G2A Seller account price: \$140)

Also have available:
Kinguin, CDKeys, Green Man Gaming, Fanatical.
