The Last Of Us Star Kaitlyn Dever Teases "Much Bigger Role" In Season 3

The Last of Us Season 3 will focus more on Abby's story, and now actor Kaitlyn Dever, who plays Abby, has discussed the upcoming season and how she's preparing for the starring role. "I'm getting mentally and physically prepped right now. I go up in a couple days, actually, to start prep over there," Dever told Deadline recently. "I'm so excited to kind of take on a much bigger role in the season." Without giving anything away, Season 2 ended in dramatic fashion, with the suggestion being that Season 3 would tell more of Abby's story after Seasons 1 and 2 focused on Ellie (Bella Ramsey). Much like how I've never played The Last of Us games yet, I've also never watched the show. I always told myself that I was going to play through the games and then start watching the show, but here I am still never having played the games yet lol. That is still my plan though and I guess the more of the show that may release by that time, the more I'll have to watch after doing so.
