Hello and welcome

(May rebranded and have much better looks depending on future)

I am a actual sharp sports bettor with over 10,000 USD in profits across a few books which I am limited at now and can show proof of this etc..

And 10,000 USD in profits with only a 1,000 USD bankroll over 7-8 months

I never hold your money

- I simply send you the bets and odds for your books and you take them I will also track everything and see how much we won

Profit-split only (no upfront payment)

- You only pay when we win. Profits are split based on net results.

Best odds on YOUR sportsbooks

- I line-shop and send the best available numbers on the exact books you use, not generic or stale lines.

Clear, sharp write-ups

- Most bet includes a concise breakdown explaining why it has value, matchups, data, and exploitable edges.

Custom bet sizing

- Bets are sized specifically to your bankroll and conservative, balanced, or aggressive.

Real sharp bettor

- I'm limited on most sportsbooks. This is edge-based betting, not public plays or mass-market picks.

And if you use this service please leave a review so everyone can see it's legit

What are your stats/win percentages? Are there detailed reports on this? Thanks.

Sure I track everything, let me make a write up dm me for more questions or ask here

Avg ~16 bets daily

Avg Win rate 59.8%

Avg Monthly roi: 73.2%

And it's free so just shoot me a message on telegram and try it for a few days and tell the people how it went I'll be letting anyone try it with any bank roll for a bit to gain trust

Wow 16 bets daily are a lot! Unfortunately I would not have time to follow all of them for sure.

Volume with smaller bets is the key to consistency and just shoot me a message on telegram only takes a few minutes a day I will line shop and find edges live and you can take them whenever you're free

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
