Hi!

Willing to pay!!

Need a form from a PDF transferred to an excel document ASAP.

Should be easy just don't wanna go thru trial an error.

can do that for ya DM's are open

You can pay however you like once the work is completed.

If the table is copyable you should be able to just open it in excel using their data wizard thing.

Also I think money stuff guess in marketplace?

I can do this right now. Let me know if you're there and still looking.

I'm going to need the details of the documents. How big it is and how much are you willing to pay for it?
