THE RULER - February 3, 2026, 2:52 pm

No bans, 500m wealth, comes with login name email, is currently legacy.

Will be passively reaching max cape but will sell a bit cheaper if you buy prior to that point. Hit me up, thx.

What does something like this go for these days? Looking to get back into this.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

(Mar 28, 2026 05:37 PM)Miles Teller Wrote: [\[CITE\]](#) What price are you trying to get out of this? \$950 for acc + the \$250 worth of rsgp on the acc, \$1200, rsgp is .248 rn so more like \$275 but we'll call it 250

2300 total, really easy max just sailing and farming and i havent had the time/not willing to risk it at this stage macroing

doing it on my own time but with new job and shit.. it's not progressing too quickly lol

comes with OG (login email) and it is legacy, so can be moved to its own jag acc or what have you. 1 owner, have sold max total accs here without issue as well/have refs for accs like this I can
