Thread: Looking for workers

NoBadReviews - *February 6, 2026, 3:25 am*

Hello everyone, I have a variety of crypto drainers available, for different networks and in different designs.
I also have a stealer.
I'm looking to collaborate with people who are closely involved with crypto traffic.
Traffic from sources such as Twitter, YouTube, Facebook, Google, and others.
I'm open to long-term collaboration.
