You Can Play A Mario Tennis Fever Demo If You Brave The Outdoors To A Store

Nintendo just put out a demo for Mario Tennis Fever, which launches on Nintendo Switch 2 next week--but you can't download it from the eShop. Instead, you'll have to venture to a brick-and-mortar store, which might be a lot to ask for anyone in the United States still experiencing below-freezing temperatures. Be sure not to get an actual fever from running out to your local retailer. According to Nintendo, the Mario Tennis Fever demo is playable on kiosks at select Best Buy, GameStop, Target, and Walmart locations. With no guarantee that your store might have the demo, it's best to contact them directly to check beforehand. Naturally, disappointed replies followed Nintendo's announcement, pointing out that the previous Mario Tennis game, Mario Tennis Aces for Switch, got an online tournament demo before the game's release in June 2018.
