Thread: [Picked the Wrong Number, Still Got UB3R](#)

R5N3T - February 9, 2026, 7:34 am

I honestly didn't expect to end up gambling with [7](#) today. He asked me to choose between number 1 or 2, and I picked 1. He said if I won, he'd upgrade my membership to UB3R.

Turns out I lost, the result was number 2. Damn it, Stanley ?
But even though I lost, [7](#) still upgraded my membership to UB3R.

I'd still call that luck even in a loss, hahaha.
Thanks a lot, [7](#)! ?

Just stay and keep being active here, bro. We're all learning together, having fun, and sharing things like the latest news about hacking and more. Don't focus too much on leveling up, if we keep growing together, the level up will come naturally.
