According to the profile I am not sure if this is actually legit or indeed an image generator.

Hey! Our prices aren't even 30\$ don't know where you got that from and flasher does work, what wallet did you attempt to use for the flash and why haven't you contacted me about the issue we can get it resolved easily :)

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
