Fallout Season 2's Cameo Performer May Have Bigger Role In Season 3

Following the events of Fallout Season 2, most of the wasteland's major factions stand revealed. However, a cameo appearance in Season 2, episode 6 hinted at another looming conflict in the show. According to Fallout co-showrunner Geneva Robertson-Dworet, that performer may have a bigger role in the show going forward. Spoilers for Fallout Season 2 to follow! In episode 6, Walton Goggins' The Ghoul was impaled on a pole and on the verge of losing his mind when he was rescued by a shadowy figure who wanted to recruit him for an upcoming war. The character in question was voiced by Hellboy star Ron Perlman, and a brief glimpse of his face confirmed that he's a super mutant. The Ghoul turned down the request to join him, and the super mutant released the former without letting him know where the super mutants are hiding. Continue Reading at GameSpot

That's what I like to see

RangoWorld - February 12, 2026, 12:02 am

I'm yet to start this show.

I'm sure you'll have a good time with it my first interaction with it was fallout 3 I believe on PC
Have a nice day G

Have a nice day G

I played Fallout 4 and instantly fell in love with that world.
