Thread: [\[25Gbps\] NetraVPN Unlimited, Lightning-Fast, Anonymous](#)

Maclo - February 13, 2026, 6:38 pm

NetraVPN

For those tired of limits, slow connections, and blocks.

What you get:

Speeds up to 25 Gbps — no lag, no throttling, even at peak times

Full anonymity — zero logging

All-platform support — Windows, Linux, Android, iOS

Quick setup — connect in 1–2 minutes

Stable & reliable — works 24/7

24/7 support — always available to help

Features:

VLESS, VMESS & TROJAN protocols in one subscription

Fully compatible with mobile networks and home broadband

Perfect for streaming, gaming, and remote work

Pricing:

From \$1.5/month — affordable for anyone who values speed and quality

Plans for 1, 3, and 6 months

Sounds like a pretty good affordable VPN option, I'll have to try this out for myself here shortly.
