Thanks for hosting this, @Charlie Sheen@ !

As a vendor, our max popularity limit is 50 a day I believe. That's harder than the other HF roles :(

It's great for something like this that we have custom pop messages back. Hopefully there have been a lot of people spreading it around.

Good luck everyone!

eXceptional - February 15, 2026, 9:15 am

Well, I saw the post late. According to the contest rules the contest is already over.

Good luck everyone. I wish I saw the post earlier.

Due to different user groups having different limitations on how many pops they can send, I changed this to a roll for a winner.

Our winner is [R5N3T](#)

I'll let Omni know to send you the award.
