How MGS's Solid Snake Joined Rainbow Six Siege

Solid Snake is coming to Rainbow Six Siege. Not as a skin for an already-existing character, but a fully-fledged operator with his own unique loadout and play style. When GameSpot talked to Ubisoft Montreal about the future of Siege for our 10th anniversary documentary, we didn't quite imagine a crossover of this magnitude. Although Ubisoft's Siege team has done crossovers in the past, this is the first time a character outside of Ubisoft's Tom Clancy universe has joined Team Rainbow. I sat down with key developers from Ubisoft and Konami to learn how a collaboration like this comes about and why Solid Snake is a perfect fit for Rainbow Six Siege. Continue Reading at GameSpot
