Mailgun Email Sending Accounts – Description

Monthly Sending Limit

Mailgun accounts configured with 50K – 100K monthly sending capacity, suitable for transactional emails and permitted bulk sending use cases.

Full Dashboard Access

Accounts are provided with full access, allowing the buyer to manage domains, API credentials, SMTP settings, and sending configuration.

Ready After Delivery

Accounts are available and usable after delivery, no additional setup required from the seller side.

General Use Case

Can be used for application emails, notifications, newsletters, and API-based email sending, depending on the buyer's requirements.

3 REGION AMAZON SES 50K daily limit

Stanley - April 22, 2026, 10:14 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

Stanley
