Over The Garden Wall Is Finally Getting A Blu-ray Release This Spring

Over the Garden Wall - The Complete Series Blu-ray
\$20 (was \$24) | Releases April 7, 2026

Preorder at Amazon

Preorder at Walmart

Preorder at Gruv

Get your tea kettle hat and jaunty little cape ready: Cartoon Network's animated 10-episode miniseries event Over the Garden Wall is finally seeing a Blu-Ray release. It's been a classic ever since its original airing in 2014 thanks to its unique art direction, impeccable autumnal vibes, and unique blend of humor and folk-horror. Until now, though, you've either had to fish for it on streaming services (until, of course, it was taken off HBO MAX) or dig out a DVD copy. Now you can have a physical version, in HD, sitting on your shelf in between your copies of Trick-R-Treat and Halloween H20. Over The Garden Wall - The Complete Series Blu-ray hits store shelves on April 7, 2026, for \$24, but it's available for preorder now at multiple online retailers--and some are even discounting the new Blu-ray to \$20. Over the Garden Wall - The Complete Series Blu-ray \$20 (was \$24) | Releases April 7, 2026 This new Blu-ray features all 10 episodes of the short-lived series, plus a selection of special features. Preorders are available for \$24 at Amazon, while Walmart and Gruv are offering a slight discount, bringing the Blu-ray collection to just \$20. We expect Amazon will likely drop its price to match before launch, and thanks to Amazon's preorder price guarantee, you're entitled to any price drops between now and launch, and won't be charged until your order ships.
