Hello,

I figured out traffic and everything except payment methods.
Can anyone help me out with this? I'll help you out too.

Telegram stars
Paypal
Stripe(a bit complex but happy to explain)
Themis(an exchanger, was very popular on here back in the days, I use his paypal and he pays in crypto and takes a percentage)

Please I'm coming back to where after a very long time and would really be interested in your traffic method.

Hey I've got experience in PayPal creation. I've only used PayPal and amzGC. Stopped ew a long times ago, but I want to come back. The only problem is traffic for me. Maybe let's exchange information and help us out. I'd need German traffic.

Save up Amqzon Gift Cards, then exchange them here

Thaowner - *October 9, 2026, 12:00 am*

I'm about to use US Amazon Gift cards, then I'll exchange them on here in the exchange section. Make sure they are bought from the US store cause exchangers only exchange with .com amazon gift cards. I pay 30% to the exchanger for it, but it works if you dont have anything else.
