New ZeroDayRAT Mobile Spyware Enables Real-Time Surveillance and Data Theft

Cybersecurity researchers have disclosed details of a new mobile spyware platform dubbed ZeroDayRAT that's being advertised on Telegram as a way to grab sensitive data and facilitate real-time surveillance on Android and iOS devices.

"The developer runs dedicated channels for sales, customer support, and regular updates, giving buyers a single point of access to a fully operational spyware

Where can I get it or buy it?

Can you help me get an official copy from the developer, and what are the subscription prices?  
I'm interested in this.

Thank you for your help
