Thread: [Forex Traders Check In, Who Trades Gold and With Which Broker?](#)

R5N3T - March 5, 2026, 6:14 am

Hello traders!

Is anyone here trading forex as well? I'm curious how many users here trade gold (XAUUSD) and which broker you are using.

Personally, I use Exness because it offers unlimited leverage ?

What's the point of unlimited leverage, so you can over-risk?

Yeah, if I'm confident in my analysis, I'll open a relatively big lot for maximum profit... but true, the risk will also be higher bro

I started in Forex but eventually transitioned to futures. When it comes to brokers, Tradeovate is my top choice. Every broker has its strengths and weaknesses; the key is to find the one that feels right for you.
