Thread: [\[BUYING\] Bulk Aged Instagram/TikTok Accounts + Mobile 4G Proxies \(HQ Only\)](#)

h4x0rweed - March 9, 2026, 11:27 am

Hello HF community,

I am looking for a reliable long-term supplier for my automation/research project. I need high-quality accounts and connectivity that can bypass current 2026 detection systems.

Requirements for Accounts:

Platform: Instagram / TikTok.

Type: Aged (2022 or older preferred).

Status: PVA (Phone Verified) with Original Email (OGE) included.

Format: User:Pass:Email:EmailPass (Bonus if cookies/session logs are included).

Quality: Real-looking profiles (profile pic, some posts/bio). No fresh softregs.

Requirements for Proxies:

Type: 4G/LTE Mobile or High-End Residential.

Locations: USA, Europe, or LATAM (depending on account origin).

Feature: Rotating or Sticky sessions with SOCKS5 support.

Payment: Crypto (LTC / XMR / USDT).

Note: I am willing to use a Middleman for the first few transactions to ensure everything is legit.

Please post your thread link below or PM me with your telegram/discord handles and current stock prices.

Thanks!
