Thread: [Community CTF #01 - Find the Flag](#)

Vinavil - March 10, 2026, 11:19 am

— Community CTF #01 —

Find the Flag(a sequel to @Hackers@'s [CTF](#)) FIRST 3 WINNERS WILL BE ANNOUNCED IN THIS THREAD ? [P??sonl?af C00Lssh](#) @HerrWinston@

This is a reverse engineering challenge created and managed by @Vinavil@. Download the binary below and find the hidden flag.

Flag format: vibe{...}

Official Hint: You don't need to go very deep to find this one.

Rules: Do NOT share hints, clues, or the answer in this thread. PM [Vinavil](#) directly with the correct flag. First 3 correct submissions win.

Download: [crackme_00](#)

Vibe will have more CTF challenges and competitions in the future. This is just the warmup. Also a special thanks to [7](#) for making this possible!

C00Lssh - March 10, 2026, 11:44 am

sent this to you

Hackers - March 10, 2026, 11:46 am

Messaged you but I'm on a Mac, so not 100% sure. I might have it, but can't run the prog right now to doublecheck.

edit: Yay :)

HerrWinston - March 10, 2026, 11:50 am

I have sent my answer to you, hopefully it has worked out! ^^

woohoo! thank you for the fun!

was i the first winner!?

Vinavil - March 10, 2026, 2:16 pm

Will post the winner in a bit goat a lot of answers!

7 - March 10, 2026, 10:25 pm

Great activity want to see more of this

Vinavil - March 11, 2026, 6:36 am

Winners added in, well done everyone, today i'll post another challenge!

Hackers - March 14, 2026, 6:41 am

If CTF0 download link is broken, use this:
