Thread: [AWS Accounts - SES Production Access - 3 Regions - High vCPU Limits - Aged Accounts](#)

EasyAws - March 24, 2026, 4:45 am

I have a huge ever increasing stock of AWS accounts. All of my accounts come with full PRIVATE mail access and you are welcome to change the email on the account to your own. These accounts are created, not cracked.

I primarily sell 3 region SES accounts with N Virginia, Oregon and Ireland all having production access enabled, with a 50,000 limit in each region. I can also offer custom regions if needed. These accounts cost \$550 each for single accounts or \$500 each for multiple.

I also sell accounts with high vcpu limits on a case by case basis.

I have accounts with huge GPU server limits as well which you can make a lot mining on if you know how.

I can provide most types of other accounts too whether you need a high lambda concurrency or any other limit that not many other sellers offer, I most likely have it.

I am happy to use escrow services that have a good reputation and pay out promptly. I am more than happy to deal through HF contracts.

You can reach me by telegram which is my preferred method of contact, my ID is @easy_aws Or you can PM me via HF inbox however I will take longer to reply.

Of course, I accept HF escrow for all deals, we can split the fees.

Stock unchanged today, still supplying 3-region SES accounts across Oregon, Virginia, and Ireland, all with 50k sending limits. Everything is consistent with previous batches and ready to go, no spec changes or surprises. A few orders have gone through since the last update so availability is still active, just working through requests as they come in. If you're looking for a specific quantity or have any questions about setup or regions, feel free to reach out and I'll reply when I'm around.

Selling bulk 3 region accounts at \$300-350 depending on quantity, it's a good opportunity for resellers to make some money. Smaller quantities available at \$400-450 also depending on quantity. HF escrow is welcome.

For the next 2 days, there is a sale on 3 region SES accounts, the price is \$300 for each one, full mail access, domain included if required. After 2 days, the price will go back to \$550. The sale will only last until stock runs out which will most likely be before 2 full days. HF contracts welcome if required.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
