Thread: [Coinbase valid email checker or Robinhood valid email checker](#)

zimmerkentu1 - March 30, 2026, 2:18 am

I am looking for a valid email checker for coinbase or Robinhood, where we can check the emails themselves and see if they exist in Coinbase or Robinhood.

100% this guy doesn't have a coinbase + coinbase is not really worth anymore... Robinhood is, but it's not 100% accurate more like 80-90%, I can help you out if you need, just reply with your info.

I hate to see people get scammed by tools like this, that's why I mentioned it :D

Happy hunting!
