Thread: [Telegram Accounts / Non-VoIP SMS Verifications](#)

NotJinx - March 31, 2026, 7:33 am

Hello,

I am looking to buy a functional Telegram account or a reliable Non-VoIP SMS verification service.

I've tried several public SMS services (like VerifyPulse or 5sim), but all numbers are already taken or flagged. I need a fresh account or a number from a real SIM carrier that actually works.

Requirements:

Account must be functional (not banned).

If it's a number, it must be Non-VoIP.

Thanks!
