Not fraud. I use only my own documents with my consent as a service and methorship on how the verification system works.

I do not support the use of fraudulent resources to pass KYCs.

Thank you so much! I appreciate your reply on my thread.

I seen people on Buyers looking for such KYC services and I wanted to help.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I'm waiting too to offer a Wise or a Trusteeplus at least free for vouch.

People expect me to give them my KYC method as vouch (which i anyway sell only, but only with middleman/escrow and I pay the fee) and after they -REP me because i did not wanted to, because they think they re "GODS" here as you can.

For any other first offers I always expect middleman or escrow. I like this too because i don t get spammed by buyer thinking he got scammed.

Most likely this forum is not my place as there is not much demand on this category of services.

This is a bump!

By "your own docs" do you mean you are verifying accounts with your personal information? Lol, what? Or verifying it with, 'your own documents'
