Thread: [I have an Onlyfans Model lookin for promotion](#)

mut15help - April 3, 2026, 7:49 pm

I used to work with her, she's well established and has huge potential but after 3 years of not working with her she reached back out to me but i'm too busy right now

she is trans fyi but we were doing \$10k months

Can anyone direct me where to post to find the right person to help promote her? Paid position she says but I said I'd at least help her out to find someone, maybe we can come to an agreement

I need someone full hands on deck she says, full time no bullshit... because she doesn't take any bullshit lol

Reddit has huge potential then wants to explore other avenues as well. Where should I be posting this? haha thanks!!

Yo, I'm a reddit manager with 3 years experience. I promote models on reddit according to their niche. My top model currently earns \$100k pm on reddit..hit me up, let's make your model some \$\$

Nb: model should be willing and ready to produce contents weekly

Run it yourself. I own a Grindr Automation Panel, if she's trans, that's her niche. Funnel adds from Grindr to her IG/Snapchat then use a chatting tool or chat to them yourself to convert.
