Thread: [Gift Cards Method \[Amazon, Ulta, Starbucks, Chevron Gas\] \[Buyer Protection\]](#)

Oxycodone - April 5, 2026, 2:54 pm

? Exclusive Method Limited to 2 Buyers Only

I even included some buyer protection incase you're concerned.

This method is original. You won't find it anywhere else – I created it from scratch.

To preserve its longevity and maximize your profits, I am selling this to a maximum of 2 people only.

? What You Can Claim Right Now

Amazon

Ulta Beauty (gift cards)

Starbucks

Chevron

Other non-gift-card items are also claimable if you prefer.

? 100% Legitimate – No Hacks, No Flags

These gift cards are not hacked, not stolen, and fully legitimate.

Your Amazon account will not be flagged. No shady techniques.

This works through a promotion-type deal that takes 10 minutes or less to complete.

Can be automated if you choose – but I recommend scaling manually first before automating.

? Price: \$300

"Too good to be true for \$300? What's the catch?"

No catch. But I will be transparent:

I cannot promise the method will work forever. What I can promise is that I will protect its longevity – I won't release it further or abuse it myself. With only 2 buyers total, you can maximize profits without worrying about saturation.

If you've worked with me before, you already know you can trust my word.

? The Safest Deal You'll Ever Make

Pay only \$150 upfront.

The remaining \$150 is due after you have successfully claimed your first \$300 in gift cards.

\$150 -> I send method -> You claim \$300 in value -> You send final \$150

That's how confident I am that you will profit.

? First Buyer Bonus

The very first buyer also receives immediately at purchase:

1x \$10 Starbucks gift card
1x \$10 Amazon gift card
? Full Refund Protection – Scenarios

I will refund your money if you are unable to earn back your initial \$150 in gift card value.

Scenario What Happens

1 – Success You pay \$150 -> Claim \$300+ in gift cards -> Pay remaining \$150 -> Deal complete.

2 – Partial success You pay \$150 -> Claim \$75 (method ends) -> I refund you \$75 -> Deal complete.

3 – Under \$300 but over \$150 You pay \$150 -> Claim \$200 (method ends) -> You owe nothing more (second \$150 only due if you hit \$300).

In short: You never pay the second \$150 unless you've already made \$300 in gift cards. Your downside is protected.

? How to Claim Your Spot

Only 2 spots exist.

First buyer gets the bonus Starbucks + Amazon cards.

Payment: \$150 upfront to begin. Remainder only after you profit \$300.

Serious inquiries only.

Message me to secure your spot or ask any questions.

I will not oversell this method. Once 2 buyers are in, it's gone.

Submitted contract

I'm going to close this thread now as I'm confident I have 2 buyers, and don't want to mislead others to thinking this will be available after I finish the contract with them. Thank you to those who viewed this thread.
