Thread: [\[Giveaway\] 1x Amazon SES Production Access Account](#)

EasyAws - April 6, 2026, 9:53 am

I am giving away 1x Amazon SES account with production access enabled in either Virginia, Oregon or Ireland. To have a chance to win, simply tell me what you'll use the account for and how it will help you. I'll go through all of the answers and pick the best one to give the account to.

This giveaway will end at 6PM GMT on the 12th April 2026.

zelus - April 6, 2026, 1:08 pm

I needed this for online email marketing.

Let the best answer win.

A\$APKING - April 6, 2026, 1:52 pm

I need this for online email marketing for some projects I am doing at this moment. I have experience in sending email's with subject, sender name, letter randomization and more.

jackreacher - April 6, 2026, 4:18 pm

Thank you for this wonderful giveaway. I'm launching web application Service which is at production-level this month and am currently in the final stages of fixing bugs. I plan to use it to send cold emails to reach potential customers for my business, This tool would be a tremendous help and allow me to scale effectively. I'd be happy to share more details with you in our conversation.

Asiftipimarianaweb - April 6, 2026, 5:21 pm

Give me that one bro thank you

I'm building a startup on a tight budget and would use SES for signups, OTPs, and user notifications without paying for costly tools.

It helps me save money early while focusing on building and growing the product.

Hazii - April 8, 2026, 12:02 pm

Lmao, I bet everyone here would just sell this account to get some money. Doesn't make sense now everyone is building something when there's multiple threads live with SES sales. Take it as entry or not, but I can take light poison on it :DD

Stanley - April 9, 2026, 1:51 pm

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

techpacket - April 10, 2026, 11:03 pm

I'd use the account for my own media marketplace project, which is similar to Shutterstock. The platform is being built to help creators upload, manage, and sell stock photos, videos, and other digital assets in a clean and professional way.

This account would help me set up reliable transactional emails for things like signup verification, password resets, contributor approvals, purchase receipts, and important notifications. Since my project depends on trust, smooth communication, and proper delivery, having a production-ready email system would make a big difference in the quality of the platform and the experience for both buyers and contributors.

I'm trying to build something useful and scalable, so this would genuinely help me move the project forward.

Omniscient - April 12, 2026, 5:19 pm

I tweeted this out for you, I know it was last moment though. Sorry.

EasyAws - April 13, 2026, 6:31 am

Sorry for the delayed response. The winner of this giveaway is jackreacher.
