I feel like I've seen this before and I don't know why. Either way GLWS

NotJinx - April 9, 2026, 8:30 am
It looks good. Good luck with the sales.

"Thanks for the GLWS!
While the overall concept might seem familiar,
I can assure you that the engine and the logic behind this are 100% custom and written from scratch.
It's a completely fresh codebase."
